

Product Applications

(A—M)

PRODUCT	Engine Life Treatment	Heavy Duty Oil Stabilizer	Rock Drilling Oil	Industrial Oil Concen- trate	ACA Cutting Oil	Water Soluble Cutting Fluids	Hydraulic Treatment	Greases	XPL-101 Penetrating Lubricant
DILUTION RATIO	10% by volume	20% by volume	100%	10% by volume	100%	10:1-50:1	2-10% by volume	100%	100%
Air tools									
Ball & u-joints									
Bearing zerk fittings									
Bearings									
Bolts									
Boring						10:1 to 15:1			
Bushings									
Cables									
Casters									
Chains									
Chassis									
CNC equipment						10:1 to 15:1			
Cold heading									
Compressors									
Conveyors									
Diesel engines									
Drilling						10:1 to 15:1			
Electrical									
connections Fifth wheels									
Firearms									
Fishing reels									
Gasoline engines									
Gear boxes									
Gear hobbing				15%		10:1			
Gears									
Generators									
Grinding						30:1 to 50:1			
Hand tools									
Hinges									
Hydraulic systems							10%		
Ignition wires									
Injection molding							10%		
Levers									
Linkage									
Locks									
Machining tools						10:1 to 15:1			
Marine engines									
Metal stamping						15:1 to 30:1			
Metalworking						15:1 to 30:1			
Milling						10:1 to 15:1			ļl
Mining/smelter eqt.									
Misting, dripping, spindle						10:1 to 15:1			

Product Applications

(M-Z)

PRODUCT	Engine Life Treatment	Heavy Duty Oil Stabilizer	Rock Drilling Oil	Industrial Oil Concentrate	ACA Cutting Oil	Water Soluble Cutting Fluids	Hydraulic Treatment	Greases	XPL-101 Penetrating Lubricant
DILUTION RATIO	10% by volume	20% by volume	100%	10% by volume	100%	10:1-50:1	2-10% by volume	100%	100%
Motor bearings									
Nuts									
Paper/pulp mills									
Pivot points									
Provision bearings							10%		
Precision bearings									
Pulleys Pumps							10%		
Quenching						30:1 to 50:1	10 78		
Reaming						10:1 to 15:1			
Roll threading						10:1 to 15:1	10%		
Roller bearings						10.11 to 10.11	1070		
Rollers									
Sawing						15:1 to 30:1			
Screw jacks							10%		
Screw machines						10:1 to 15:1			
Shackle & king pins									
Sliding									
mechanisms Slitting				15%		15:1 to 30:1			
Sports equipment									
Springs									
Stamping tools						15:1 to 30:1			
Tapping						10:1 to 15:1			
Thread cutting						10:1 to 15:1			
Titanium/aircraft									
Tracks									
Trailers									
Transmissions (automatic)							2%		
Transmissions (manual) with 90W+									
Tumblers									
Turning						15:1 to 30:1			
Valves									
VMC's						15:1 to 30:1			
Wet bath clutches							5%		
Wheel bearings					15%				
Wheels									
Winches									
Wiring
